2- Mounting Straps + 2 Nylon Zip Straps												
1- Power Accessory Extension Adaptor												
1- 3.5mm Audio Line												
1- RGB REMOTER												
1- User Manual												
1- Warranty Card												
INFORMATION TO THE USER												
Bluetooth												
The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks is under license.												
Other trademarks and trade names are those of their respective owners.												
FCC COMPLIANCE STATEMENT												
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:												
(1) this device may not cause interference, and												
(2) this device must accept any interference, including interference that may cause undesired operation of this device.												
This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. The Bluetooth antenna cannot be removed (or replaced) by user, this equipment complies with FCC/ IC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that it is deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20 cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles). Alteration or modifications carried out without appropriate authorization may invalidate the user's right to operate the equipment.												
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:												
□ Relocate or reorient the receiving antenna.												
□ Increase the separation between the equipment and receiver.												
□ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.												
□ Consult the dealer or an experienced radio/TV technician for help.												
CAUTION!!												
ADJUSTMENT OR ALTERATIONS OF THIS DEVICE MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.												
BEFORE YOU START												
IMPORTANT SAFETY PRECAUTIONS												
• Do not operate mobile equipment while driving a motorized vehicle - safe driving and safety consideration of others should always be your highest priority.												
• In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power and consult your dealer or the nearest authorized BOSS AUDIO SYSTEMS Service Center. Using this product in this condition may result in permanent damage to the system.												
• Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion, or ear discomfort.												
• BE SURE TO OBSERVE THE FOLLOWING GUIDELINES:												
• Do not turn up the volume so high that you can't hear what's around you.												
• Use caution or temporarily discontinue use in potentially hazardous situations.												
INSTALLATION PRECAUTIONS												
WARNING - Always consult a professional installer												
• Do not attempt to install or service this product by yourself. Installation or servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards												
• Refer any repairs to a qualified BOSS AUDIO SYSTEMS Service Center												
• The UTV4BRGB can be powered from a vehicle's cigarette lighter / auxiliary power port, or hard wired directly to the battery through an optional relay / accessory switch												
• When wiring directly to the vehicle's battery, be sure to disconnect the battery's negative terminal wire before starting any wiring procedures. It is suggested that an optional fuse and fuse holder (not included) with minimum rating of 15 Amps be in line with the positive battery terminal												
• The ground cable length should not exceed 16-inches (See wiring diagram)												
• The UTV4BRGB has a weather resistant design, it should not be submerged in or under water under any circumstances												
• Use only the installation parts provided with the UTV4BRGB												
• Wash with a mild soap or detergent and lukewarm water using a clean sponge or a soft cloth. Rinse well with clean water.												
"Don'ts" - Very Important												
• DON'T clean in hot sun or on very hot days.												
• DON'T use abrasive or highly alkaline cleaners on the main body												
• DON'T scrape the main body with razor blades, or other sharp instruments												
• DON'T ever use, gasoline, acetone or carbon tetrachloride												
CAUTION!!												
Using other mounting methods may void this warranty

BEFORE YOU START												
PAIRING & DISCOVERING A NEW BLUETOOTH CONNECTION												
1) Power on the UTV4BRGB by plugging in the male cigarette lighter adaptor into 2 a female cigarette lighter receptacle.												
2) The UTV4BRGB will automatically go in to pairing mode:												
ANDROID users:												
a. Go into the Settings Menu of your device												
b. Enter the Bluetooth Menu												
c. TURN ON Bluetooth and press SCAN												
d. "Boss Audio UTV4BRGB" will now be displayed under AVAILABLE DEVICES												
e. If prompted, enter passcode: "0000"												
iOS users:												
a. Go into the Settings Menu of your iOS device												
b. Enter the Bluetooth Menu												
c. TURN ON Bluetooth												
d. "Boss Audio UTV4BRGB" will now be displayed												
e. If prompted, enter passcode: "0000"												
NOTE: You have 2 minutes before you must restart this procedure over again.												
3) If Boss Audio UTV4BRGB is not seen, repeat the above steps to refresh the "Device List"												
4) When the connection is successful, you are now ready to stream music from your favorite media player to the UTV4BRGB												
BLUETOOTH OPERATION												
RECONNECTION												
1) Power on the UTV4BRGB and your last paired Bluetooth device.												
2) The unit will now automatically reconnect												
3) If your device was previously paired with the UTV4BRGB, but it wasn't the last paired device:												
a. Ensure no other devices are currently paired												
b. Enter the Bluetooth Menu on your device being paired												
c. "Boss Audio UTV4BRGB" will display under AVAILABLE DEVICES												
d. Choose the "Boss Audio UTV4BRGB" to reconnect												
4) If the device is out of range from the UTV4BRGB, it will disconnect automatically:												
a. The UTV4BRGB will automatically reconnect to the device once back in range												
TIPS: To avoid battery exhaustion, be sure to occasionally run the vehicle's engine while using this product. Using this product without running the engine can drain the battery.												
STREAMING MUSIC												
VOLUME CONTROL												
1) Press the PLAY/PAUSE from your device touch screen												
2) To raise or lower the volume use your device volume controls												
TIPS: For maximum audio performance, ensure your device Bluetooth volume is set to a minimum 75% level before stowing												
AUX INPUT												
AUX-IN OPERATION												
1) Power on the UTV4BRGB by plugging in the male cigarette lighter adaptor into 2 a female power accessory receptacle.												
2) Connect the integrated 3.5mm AUX-IN cable 1 one end of to UTV4BRGB jack and one end to your device's headphone jack												
3) Route the wire back to UTV4BRGB and secure your device												
5) To raise or lower the volume use your device volume controls												
TIPS: For maximum audio performance, ensure your device headphone volume is set to a minimum 75% level before stowing												
INSTALLATION												
1) Use the supplied adjustable straps to secure to rails or roll bars												
2) Always recheck straps before every ride												
FOR ILLUSTRATION PURPOSES YOUR VEHICLE MAY VARY												
NO SPECIAL TOOLS REQUIRED												
REPLACEMENT BATTERY - CR2025

DIMENSIONS												
5" (127mm)												
23.5" (597mm)												
7.5" (191mm)												
SPECIFICATIONS												
BLUETOOTH												
• Version: 5.0 w/ EDR												
• A2DP												
• Range: 33ft(10m)												
SPEAKERS												
• Dimensions: 4" x 102mm												
• Cone Type: RP CARBON + RUBBER SURROUND												
• Tweeter Size: 1" PEI SOFT DOME												
• Color: Black												
• Dimensions: mm WxHxD: 107x127x91												
• Dimensions: Inches WxHxD: 23.5x5x7.5												
SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE												
AMPLIFIER												
• Class: D												
• Maximum Output Power: 350 Watts												
• Input Impedance: 16Ω												
• Frequency Response: 65Hz-22kHz												
GENERAL												
• Operational Power: 12VDC (10-16V allowable)												
• MAX Current Draw: 5A												
• Replacement Fuse: 10A AGC TYPE												
• Weight: 8.8 lbs / 4.0 Kg												
• Dimensions: mm WxHxD: 107x127x91												
• Dimensions: Inches WxHxD: 23.5x5x7.5												
TROUBLESHOOTING												
TROUBLE												
CAUSE												
SOLUTION												
Unit will not turn on	The fuse is blown	Check / replace the fuse										
	Main acc switch not engaged	Turn switch to on position										
	Device volume is low / muted	Turn the volume level up										
No sound is heard	Device is paused or muted	Check your device playing / volume status										
	The Bluetooth function of the device is not enabled	Refer to the user manual of the device for how to enable the Bluetooth function										
Cannot pair Bluetooth	The Bluetooth reception is poor	Move the device closer to the audio system or remove any obstacle between the device										
The audio quality is poor after connection with a Bluetooth enabled device	Power glitch or interference	Disconnect power for 10 seconds to reset										
Unit has become unresponsive
